

California Sun Dried Tomatoes

DESCRIPTION

California roma-type tomatoes are prepared from clean, wholesome, red, mature fruit. The tomatoes are washed, machine cut and carefully laid on wood drying trays, treated with sulfur dioxide, then dried in the California sun. After sun drying is completed, they are processed according to style of cut. The drying process consists of sunlight only.

QUALITY FACTORS

Color, Flavor	Practically uniform bright red color characteristic of sun dried tomatoes. Typical intense tomato flavor; no spoiled, rancid, or off flavors or odors.
Defects	Practically free of defects from discoloration, dark units, imbedded dirt, or other foreign material.
